

Great Neck SEPTA (C.H.I.L.D) invites you to join us!

Monday March 21st @ 10:30 AM | JFK Elementary School (Dr. Kincaid Learning Center)

TOPIC: Sometimes It's More Than ADHD: Recognizing and supporting the complexities

This informative parent seminar will discuss how to recognize common co-occurring conditions in children with ADHD and provide strategies for how to support them.

Specific areas of discussion:

- Identifying symptoms of ADHD
- Recognizing co-occurring conditions such as depression, anxiety, OCD, poor social skills/spectrum issues, learning disabilities
- Supporting your child with these conditions

Speaker: Lynn Hugger, Ph.D.

Dr. Hugger is a clinical psychologist who provides psychological testing evaluations and psychotherapy for children, adolescents and adults.

ALL ARE WELCOME!
